

valor THE ORIGINAL
RADIANT GAS FIREPLACE

Legend G3.5

Insert Series

G3.5 700X fireplace with Pebble Beach Driftwood fuel bed 700XDWK, Fluted Black liner 707FBL, and Edgemont front in Hammered Vintage Iron 716EHV with a 3-sided Black trim 717BPB.

valor[®] The Legend Continues

With over two decades of design innovation and four generations of Legend gas insert DNA, now more than ever the Legend G3.5 exudes radiance, high efficiency and the ultimate in comfort control.

DESIGN

A collection of contemporary trims frame an impressive viewing area, highlighting warm, glowing flames within. Fireplace surrounds include both three and four-sided designs, providing flexible installation options and visual updates to your existing hearth.

As well, Valor's Edgemont fronts now include a new Hammered look in Vintage Iron, Oiled Bronze and Copper finishes. Each is finely crafted with 11 gauge corner gussets, solid steel rivet heads, rich powder coat paint and hand finished antique copper.

PERFORMANCE

Simply updating fireplace aesthetics is not enough: Valor upgrades the overall performance of your gas insert with several features. Increased radiant heat output, advanced controllability and natural convection are just a few reasons why Valor leads the industry in gas insert excellence.

TECHNOLOGY

Another industry first, Valor Dynamic Restrictor Technology (VDRT) automatically adjusts air flow within the fireplace, increasing thermal efficiencies. VDRT maximizes initial startup and improves overall performance in ways fixed restrictors cannot.

A contemporary update for existing spaces, the Legend G3.5 is a welcome addition to the highly successful Legend Insert family.

G3.5 700I fireplace with Logs fuel bed 702LSK, Valor Red Brick liner 708VRL, and Edgemont Brushed Nickel front 721EDN with a 3-sided Black trim 717BPB.

Surround Finish Options

EDGEMONT FRONTS

- 701RSK Rocks
- 706RGL Reflective Glass liner
- 721EDV Vintage Iron front and
- 717BPB 3-sided Black trim

EDGEMONT HAMMERED FRONTS

- 700XDGS Decorative Glass
- 706RGL Reflective Glass liner
- 716EHV Hammered Vintage Iron front
- 717BPB 3-sided Black trim

FLOATING FRONTS

- 702LSK Logs
- 708VRL Valor Red Brick liner
- 713FFV 4-sided Vintage Iron front

- 702LSK Logs
- 707FBL Fluted Black liner
- 721EDN Brushed Nickel front and
- 717BPB 3-sided Black trim

- 700XDWK Pebble Beach Driftwood
- 707FBL Fluted Black liner
- 716EHC Hammered Copper front and
- 719BPB 4-sided Black trim

- 702LSK Logs
- 707FBL Fluted Black liner
- 709FTP 3-sided Brushed Nickel front
- 714BPB 3-sided Black back

- 701RSK Rocks
- 707FBL Fluted Black liner
- 721EDZ Bronze front and
- 717BPB 3-sided Black trim

- 700XDGM Murano Glass
- 706RGL Reflective Glass liner
- 716EHOZ Hammered Oiled Bronze front
- 717BPB 3-sided Black trim

- 702LSK Logs
- 705LSL Ledgerstone liner
- 709FTZ 3-sided Bronze front

G3.5 700I fireplace with Log fuel bed 702LSK, Valor Red Brick liner 708VRL, floating front in Vintage Iron 709FTV, and Black backing plate 710BPB.

G3.5 700X fireplace with Murano Glass fuel bed 700XDGM, Fluted Black liner 707FBL, and Floating front in Vintage Iron 709FTV.

LEGEND G3.5 INSERT FIREPLACE COMPONENTS

DIRECT VENT ENGINE	700IN	Stainless Burner:	fits fuel beds 701RSK and 702LSK			
	700IP	Natural Gas or Propane				
	700XN	Ceramic Burner:	fits fuel beds 700XDWK,			
	700XP	Natural Gas or Propane	700XDGS and 700XDGM NEW			
FUEL BED	701RSK	Rocks	fits Stainless burner			
	702LSK	Logs				
	700XDWK	Pebble Beach Driftwood NEW	fits Ceramic burner			
	700XDGM	Murano Glass NEW				
	700XDGS	Decorative Glass NEW				
LINER	705LSL	Ledgestone	fits both Ceramic and Stainless burners			
	706RGL	Reflective Glass NEW				
	707FBL	Fluted Black				
	708VRL	Valor Red Brick				
FRONT Floating	709FTB	Black	3-sided (23-5/8" h x 33-3/4" w)			
	709FTP	Brushed Nickel				
	709FTV	Vintage Iron				
	709FTZ	Bronze				
	713FFB	Black	4-sided (27-9/16" h x 33-3/4" w)			
	713FFV	Vintage Iron				
FRONT Edgemont	716EHC	Hammered Copper NEW	Requires trim: • 3-sided 717BPB or • 4-sided 719BPB.			
	716EHV	Hammered Vintage Iron NEW				
	716EHOZ	Hammered Oiled Bronze NEW				
	721EDN	Brushed Nickel				
	721EDV	Vintage Iron				
	721EDZ	Bronze				
TRIM Edgemont	717BPB	Black, 3-sided	fits Edgemont fronts (26-1/2" h x 36-1/4" w)			
	719BPB	Black, 4-sided	fits Edgemont fronts (29-1/4" h x 36-1/4" w)			
BACK PLATE Optional	710BPB	Black, 3-sided	fits Floating fronts (26-7/8" h x 37-3/4" w)			
	714BPB	Black, 3-sided	fits Floating fronts or 717BPB trim (29" h x 37-3/4" w)			
RISER Optional	725RTB	Black	40" w x 2-1/2" h			
	793RTB	Black	46-1/4" w x 2-1/2" h			
	793RTV	Vintage Iron	46-1/4" w x 2-1/2" h			
FUEL (BTU/HR)	Model	Fuel	Max. Input	Min. Input	EnerGuide Rating*	Max. Output w/o fan*
	700IN	NG	26,000	10,000	67%	19,193
	700IP	LPG	25,000	11,000	67%	18,455
	700XN	NG	24,000	13,000	70.4%	17,825
	700XP	LPG	24,000	13,000	70.4%	17,825

*EnerGuide Ratings and Outputs have been determined without a fan/blower, using the CSA P4.1-09 test method. Certified to ANSI Z21.88-2014/ CSA 2.33-2014 Vented Gas Fireplace Heater American National Standard. CGA-2.17-91 Gas Fired Appliances for use at High Altitudes.

LEGEND G3.5 DIMENSIONS, MANTEL CLEARANCES AND VENTING

DIMENSIONS 700X AND 700I

MANTEL CLEARANCES

Mantel Projection A	0-6" 0-152 mm	8" 203 mm	10" 254 mm	12" 305 mm
Mantel Height B*	33" 838 mm	35" 890 mm	37" 940 mm	39" 990 mm

* Measured from underside of mantel to finished hearth or surface that unit sits on.

MINIMUM CAVITY DIMENSIONS

- Minimum depth (X) = 13-1/2" (343 mm)
- Minimum depth (X) with a fan = 16-1/2" (420 mm)
- Minimum height (Y) = 20-1/2" (521 mm)
- Minimum width of fireplace opening at front = 28-7/8" (734 mm)

Please note the VDRT projects beyond the profile of the standard G3.5 insert. The 700X may require a larger existing fireplace cavity.

Installation reminder: Check that masonry step does not interfere with install dimensions or vent pipe. A non-combustible hearth is required.

VENTING

- Vertical vent run:
- Maximum 40 feet
 - Minimum 10 feet

Designed and manufactured by:

G3.5 700X fireplace includes Pebble Beach Driftwood fuel bed 700XDWK, Fluted Black liner 707FBL, Hammered Copper front 716EHC with 3-sided Black trim 717BPB, and Black riser 725RTB.

SMARTFIRE by valor

RADIANT HEAT

Like heat from the sun, Valor fireplaces distribute radiant warmth directly to your living space. Radiant heat satisfies human comfort needs, using up to 25% less energy compared to traditional forced air systems. Valor warmth efficiently replaces the chill from cold windows and doors, providing steady, even heat to objects in the room.

PACIFIC NORTHWEST DESIGN, DEVELOPMENT & DISTRIBUTION

Locally owned and operated in the Pacific Northwest, every Valor fireplace is designed, developed and manufactured exclusively for North America.

With a proven product family history, Valor continues to introduce unique fireplaces that stand the test of time.

EASY CONTROL

Our complimentary ValorStat remote control adjusts the flame up or down to match the heat output of your needs, providing a constant comfort level as the room warms or as the outside temperature falls—a fireplace for all seasons.

THE COMFORT ZONE

Reduce your furnace's output of hot air into empty rooms and unused spaces. Zone heating requires no ducting or forced air, delivering radiant and convective warmth to the spaces you frequent the most. Where you want it—when you want it.

BURN CLEAN, ENGINEERED GREEN

Natural gas is the cleanest fireplace fuel you can burn, with the lowest particulate levels and lowest levels of greenhouse gases. Valor specializes in the design of cost effective, heat solutions for your home.

PRODUCT VERSATILITY

Known for our versatility in the field, Valor products are extremely diverse in their application and design. New construction or home renovation, gas inserts and freestanding stoves provide a wide range of preference when selecting the ideal fireplace that suits your personal heating needs.

SAVINGS

Your pilot flame will automatically turn off if your fireplace is inactive for over 5 days, saving energy and lowering overall home heating costs. If you forget to turn down your fireplace, the ValorStat will do it automatically after 6 hours.

NO POWER, NO PROBLEM!™

If the power fails in the winter your home can get cold fast. Valor fireplaces are fully functional heaters that don't use electricity. Our fireplaces provide the perfect mixture of radiant and convective heat reducing the need for a fan. No power, no problem.

NO FAN NECESSARY

We firmly believe that you shouldn't put up with the constant buzz of a fan to be warm. That's why we designed exchangers to radiate heat and naturally circulate warm air by convection throughout the room. While a fan is an option, you'll likely find it unnecessary.

RELIABILITY

With over 100 years in the fireplace industry, we take pride in providing high-quality, safe products.

Engineered to provide peace of mind, all Valor products undergo extensive safety testing before they reach our customer.

FIREPLACE SAFETY—USE RADIANT HEAT SAFELY

Fireplace surfaces, in particular the glass viewing window, are extremely hot during operation and will remain hot for a period of time after the fireplace is turned off. Contact with the hot glass can cause severe burns. Close adult supervision is required if there are young children, or at-risk individuals in the house.

Included with your purchase, a Valor Barrier Screen is recommended at all times. Install an approved aftermarket safety gate to keep toddlers, young children and at-risk individuals a safe distance from the fireplace.

For more information please visit valorfireplaces.com/safety.

G3.5 700I fireplace features Logs fuel bed 702LSK, LedgeStone liner 705LSL, Edgemont Vintage Iron front 721EDV with Black trim 717BPB, and Black riser 725RTB.
