## THE CORONADO

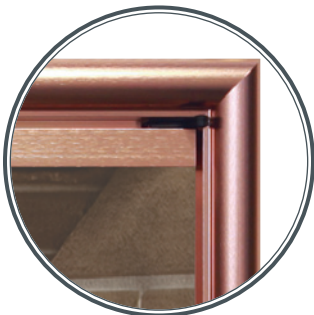

The deep, double radius frame of **The Coronado** creates a unique 3D appearance that brings life to each and every fireplace setting it graces.

Brite Nickel w/ Textured Black Doors  
4-Sided Frame w/ No Draft Assembly

## THE STOCKTON

**The Stockton** smooth radius frame establishes an understated elegance; simple design details create a quiet and subtle accent for any decor.

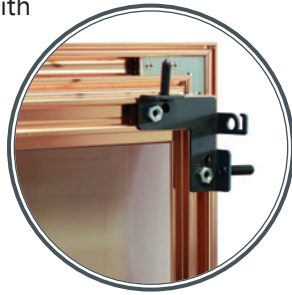

Brite Copper  
4-Sided Frame w/ No Draft Assembly

## MOUNTING

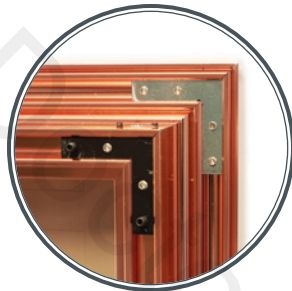

The 3-way mounting bracket is an **"all-in-one"** kit that allows for installation with the following systems.

- 1). Pressure Screws
- 2). Lintel Clamps
- 3). Strap Brackets

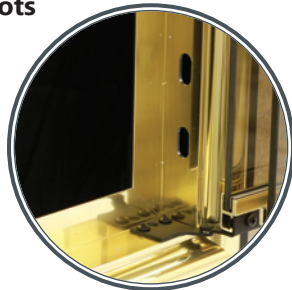

## ASSEMBLY

Our unique **dual corner-key assembly** design sets a new standard for strength and durability by creating extremely rigid joints for unparalleled strength.

## ZC/PREFAB

Doors for prefab (zero-clearance) fireplaces are designed with **hidden ZC slots** in the main frame that are not visible on the outside. Allows for adequate ventilation in accordance with the UL-127 standard.

## FEATURES

- Dual corner-key construction assembly (see left)
